

NO SCOPE

Jean Dawson

I've seen rabbits around the yard
Making circles when they tails touch

I've seen planet turn to stars
When I play in front of cars

When I play in front of cars
When I play in front of cars
When I play in front of cars

I think you mean it well
You might be dreaming
I think you're dreaming still
Watch that feeling

360 no scope
No look challenge

Act like you look forward when you walk
Backwards

No SOS
You out of luck
No one to save you when you're stuck

360 head shot
Hold my hands up
Pardon my reach
Trying to grab sun
Pardon my speech
I ain't said much

720 head off
Holding my breath
Holding my self
Holding my heart
Not holding shit

You could give
Up

When I play in front of cars
When I play in front of cars

I've seen rabbits around the yard
Making circles when they tails touch

Mmm crash...
