Riding and smoking the heaviest sedative
I need some medicine
Maybe the reverend know I be sinning I'm better than
Grandmama think that I'm heaven sent
Bars is angelic so it ain't no settling
Suing the fakes, poppin the jakes
Emmanuel giving out settlements
Calls from the gentleman
They be so feminine
That's why I'm back on the benjamins
And I
Hate to be so materialistic but, why
They smearin lipstick all on my dick

I try to keep it cool but ya so damn rude
Til you read the news & see them Ravyn bout the baby like I'm in my moon shoes
You see this rocket so damn crash proof
So drop the roof
I got nothing, nothing to prove
They said I'm falling off whoa
In the no gravity zone
Physics so well known, you should've stuck to books
Pawn ass nigga tryna school the rook
Givin out Emmys cause they actin up
Say you up necks but I'm casting crooks
Don't look too fast
You might catch the hook

Bitch don't call my name
Cause you don't know me
Even though I'm riding slowly
Bitch don't call my name
You can't approach me
Even though I'm riding slowly

Mostly mainly I been moody makin
Music motivation movin me to move on

But these lil niggas needy naggin
Never knowin nothing
Now I need for you to move on

I keep my
Open options
And I'm
Over outsiders bitchin
Out loud
Y'all really need to move on

I Got this lil pussy poppin
Potna possibly she prolly
Got potential for me to move on

And it's straight

A hunnid agents on my line no mixtape
Email lookin like my TL gettin paid
A blunt a day won't do I usually smoke a whole 8th
Wholesale 225 for da zip bae
Hit me up if you tryna get straight
Give thanks
Errday I wake up to a big plate
Bitches tryna spoon cut em off with a switch blade
Doin all that talk
Show hoe
This ain't Rick Lake
Look at steez my geez you won't believe it
Cold blood nigga like how I'm not anemic

Been broke so long first check I fuck round catch Maserati fever
Mane my bitch so bad
More bad then puppies when you leave them

Still fuck these politicians
Sit down on pledge allegiance
My roster fulla killas
Big Dogs akitas

Bitch don't call my name
Cause you don't know me
Even though I'm riding slowly
Bitch don't call my name
You can't approach me
Even though I'm riding slowly

Hey in the middle of the p
