

Easiest Thing

Jean Deaux

It's been so long
I think I might write you a letter (Might write you a letter)
I can't be mad at what you ain't know
But see I told you nothing is for never
Seen you 'round, face to face, never been better (Better, never
been better)
Lookin' back, it's a shame what we thought it was
All these feelings that sobered us
But I never got over them
So babe, come back to my ride (My ride)
Roll together, all night to the Westside (Westside)

The easiest thing was loving you
The hardest, it was trusting you
My heart breaks to be leaving you, you
Believe me it's not me, it's you
The easiest thing was loving you
The hardest, it was trusting you
My heart breaks to be leaving you, you
Believe me it's not me, it's you

All aboard, on my heart rate charter
Crossing by the beach, now we chasing borders
And my feeling sobered up
But I never got over love, oh, oh-oh
Babe, look to your sky
Newer things will find us here, please, a try

The easiest thing was loving you
The hardest, it was trusting you
My heart breaks to be leaving you, you
Believe me it's not me, it's you
The easiest thing was loving you
The hardest, it was trusting you
My heart breaks to be leaving you, you
Believe me it's not me, it's you (It's you, it's you, it's you)

I want you, I don't need ya
These signals can't keep up
My loving, can't reach you
So leaving is easy
My heart breaks to be leaving
Believe me
It's not me, it's you
