Valid!

Jean Deaux

Put me on replay
Tryna gift me like it's Sweetest Day
I'ma take it like a sweepstakes
Then I take off like a weekday
He offset me like Marlenis
We been amigos, but it's always feelin' empty
I had to grind and I done flew up outta Midway
Briefly caught feelings, and I had you lookin' fancy
We like a handshake, damn, bae

We ain't no ballad, but you know I'm valid (I'm cold)
I might fight it when I want a daddy (Slow-mo)
He gon' slide in like he oiled the Caddy (Oh no)
Told you, shawty, I only love the game

I feel like Meg Thee Stallion, bust on his new medallion
I like my silk Italian, if I'm your bitch, you lyin'
If I'm gon' make it easy for you, you can't tell nobody
If you gon' say you need me, shorty, show me you about it
Two timin', and that shit ain't even cool, whip is, ooh shit
My old thing on my dick, you can assume, I got pull and
Don't buy me Saint Laurent, too many shoes, closet full
I told you I don't date, you breakin' rules, you a fool

We ain't no ballad, but you know I'm valid (I'm cold)
I might fight it when I want a daddy (Slow-mo)
He gon' slide in like he oiled the Caddy (Oh no)
Told you, shawty, I only love the game

I don't think you really wanna know me, hold me
I could tell you I been off, you'd console me
Wanna start anew, but they wanted the old me
Yeah, I heard you, you don't wanna be my homie

Now I don't like to psych you
But baby, can I please remind you? Advise you?
My circle small like it's a size two, I'm light food
I don't need love 'cause it'll blind you, refine you
I leave the function right behind you, been eyein' you
I know it's wetter than a bayou, you slidin' through
I'm raining down 'til it's inside you, how high are you?
I'm drippin' petals down the aisle, and I do, I do

We ain't no ballad, but you know I'm valid (I'm cold)
I might fight it when I want a daddy (Slow-mo)
He gon' slide in like he oiled the Caddy (Oh no)
Told you, shawty, I only love the game
