

Work 4 Me

Jean Deaux

You can call me itty bitty
Lil witchy I'll nana keep my nigga sickly
New whippy, No goldbergy
That lane switchy
Don of marijuana know I keep my fingers sticky
Risky bad bitch
Know she pretty thicky
Got a team to minaj, call them all Nicki
Ride it like a matador
He thought he caught a jimmy
I'm riding through your culdesac and yes, I got it with me
I'm rolling up while pulling up, we hit you once. Its litty
I hit the blunt while niggas get to splitting
Shake shimmy, circle tighter than Nick in a chimney
Got a pot to piss in, now the gimmes feeling pissy
Snake hissin, not my lover, nigga
No Billie
Maybe they aiming for uncertainty, they stuck
I don't got no bread for you birds, baby no luck
They can't even find the words for me
Think twice fore you ask for a verse from me

I go beserk then they want to hit reverse on it

I might be a jerk with the perks but it work for me
Make the pussy twerk crack a smirk make it work for me
Niggas out they shirt in the dirt wanna work for me
All these fucking nerds I can merch got they work from me
And I don't work for free

Run my check or pew pew
Bring the church for me

Please keep it brief and hold my dick
Am I a toilet how I'm sitting on my shit?
Are you really with the shits?
Niggas claiming bricks but they always been a lick
Plus I saw it on a flick, crazy
Here come the kick cause they wolfin for the clicks
Faking
Don't believe in clips, and you know I'm buying tix
Proving out the myth, switch it up I'm stylistic
I dropped hypnotic bops
These numbers got you dizzy
They think its narcotic opps the way I'm fucking busy
If the neighbors cop-watching, imma blanket piggies
Don't think its a game. I spit the wisest shit
And my blood clotting guap, cause he got the whitest shit
He might have let me shoot it
Never let me water whip
Running up deposit slips
So many of the flows, niggas gon know I'm a conglomerate
You breaking down bread for the gram but its not legit

I go beserk then they want to hit reverse on it

I might be a jerk with the perks but it work for me

Make the pussy twerk crack a smirk make it work for me
Niggas out they shirt in the dirt wanna work for me
All these fucking nerds I can merch got they work from me
And I don't work for free
Run the check or pew pew
Bring the church for me

I'm not taking your advice if you ain't hopped off the porch
I'm not taking your advice because I'm on my own course
You stay yelling from the stands, but you ain't stepped on the court
I love pulling niggas cards yea I do it for sport
Straight g up in them sheets
Front row with the fashion week
I only talk to bosses my nigga not Memphis Bleeks
When I'm with my french nigga he say that I'm Magnifique
His favorite lil beignet the one he can't wait to eat
I got vibes for my tribe, I got flows for these hoes
I hope you well equipped to go toe to toe with the Faux
I hope you watch your tone when you speaking to Jean Deaux
I hope you know the stars have aligned so its a go
You don't measure up, we not even parrallel
Folding under pressure boy ya frame is hella frail
I got niggas bout that action they a fool with the scale
And your new bitch is weak but I swear I wish you well

I go beserk then they want to hit reverse on it

I might be a jerk with the perks but it work for me
Make the pussy twerk crack a smirk make it work for me
Niggas out they shirt in the dirt wanna work for me
All these fucking nerds I can merch got they work from me
And I don't work for free

Run my check or pew pew
Bring the church for me
