

Bitter Tears

Jean Shepard

Oh darling how I wish that we could start out over I'd never ever be untrue

Too many heartaches has caused my world to tumble

And so my heart is crying bitter tears for you

A broken heart is crying bitter tears for you

Lord and all his angels know how I love you

And oh how I remember the day we had to part

You saw these bitter tears a flowin' from my broken heart

A broken heart is crying...
