Roll Muddy River

Jean Shepard

Roll muddy river, roll on muddy river, roll on I've got a notion you'll go to the ocean alone I've got a baby in Tennessee
Who's long been a waitin' for little ole me
So roll muddy river, roll on muddy river, roll on.

New Orleans on to ole St. Louis Stopped in Memphis, Minneapolis too Back in Nashville I'll be through So roll muddy river, roll on.

Roll muddy river, roll on muddy river, roll on I've got a notion you'll go to the ocean alone I've got a baby in Tennessee
Who's long been a waitin' for little ole me
So roll muddy river, roll on muddy river, roll on.

I love you but just call it fate You and I are gonna separate You'll be here but he won't wait So roll muddy river, roll on.

Roll muddy river, roll on muddy river, roll on I've got a notion you'll go to the ocean alone I've got a baby in Tennessee
Who's long been a waitin' for little ole me
So roll muddy river, roll on muddy river, roll on.

Roll muddy river, roll on muddy river, roll on...
