

# Fire Raging

Jeangu Macrooy

Everthing's on fire I'm running through the smoke  
See a little girl cry but I know I've gotta to go  
Everything is falling I'm running through the flames  
Oh I gotta get away if I wanna make it rain

Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging

There's something in the air here  
I smell it on my jeans  
I can taste it in the words  
Makes my weak in the knees  
Something in my veins  
Telling me I'm stuck  
Breaking down the walls  
Gonna burn down the [?]

Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging

Everything's on fire I'm running through the smoke  
See a little girl cry but I know I've gotta to go  
Everything is falling I'm running through the flames  
Oh I gotta get away if I wanna make it rain

Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging

Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging

Something in the way the wind is calling  
Something in the way the wind is howling  
Something in the way the wind is blowing me away  
Something in the way the wind is calling  
Something in the way the wind is howling  
Something in the way the wind is blowing me away  
Something in the way the wind is calling  
Something in the way the wind is howling  
Something in the way the wind is blowing me away

Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging  
Oh, oh, oh, oh  
There's a fire raging
