

Space

Jeangu Macrooy

Your eyes
Mesmerizing kaleidoscopes in my night
Give me a six-dimensional supernatural high
There's no escaping your roller coaster ride
And I don't mind

Take me to the stars
Show me around Mars
Let me be your moon
Orbiting round you
Take me to your planet
Like a satellite I'ma map it
Wanna be your moon
Orbiting round you

I don't ever wanna come down
I don't ever wanna come down
Now I got a taste of what it feels like in space
I don't ever wanna come down

Your lips
Blast me off into a state of bliss
Don't need a rocket when I can have your kiss
No gravity on this interstellar trip
Yeah, it's a trip

Take me to the stars
Show me around Mars
Let me be your moon
Orbiting round you
Take me to your planet
Like a satellite I'ma map it
Wanna be your moon
Orbiting round you

I don't ever wanna come down
I don't ever wanna come down
Now I got a taste of what it feels like in space
I don't ever wanna come down

Farther than I've ever been
Into another reality
To the edge of infinity, oh yeah

I don't ever wanna come down (Oh yeah)
I don't ever wanna come down (Oh, don't wanna come down)
Now I got a taste of what it feels like in space (Ooh)
I don't ever wanna come down (Hey)
I don't ever wanna come down (Don't wanna, baby)
I don't ever wanna come down (Oh-oh-oh)
Now I got a taste of what it feels like in space (Space)
I don't ever wanna
Never wanna come down
I got a taste, I got a
Never wanna, never wanna
I got a taste, I got a
Never wanna come down

Yeah, I got a taste and I
Never wanna come down
I got a taste and I
Never wanna come down
