

Asi Me Gustas (That's The Way, I Like It)

Jeans

That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it

Levantate, ven a bailar, embujame
Con tu mirar
Quiero salir a reventar y disfrutar
Cada momento juntos porque

That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it

Despiertate, relajate, prepárate
La vida es diversion
Liberate de la presión
Y ven aquí
Y baila esta canción

That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it

Es viernes ya, no más tensión
Y en el coche una buena estación
Lugar ideal para ligar
No importa que salga de nuevo el sol

That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it

I like it
I like it

Apagame y prendeme
No me seduzcas
Y baila de una vez
Proyectame en tu interior
Desgarrame y quedate conmigo por que

That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it
That's the way, i like it
