

# Bad For You

Jebediah

Inside out  
Perfect distractions  
Kill my inhibition plans  
Dance with me  
Closer to the action  
It's all I want, it's all I need

Makes me wonder why  
Makes me wonder why  
I'm so bad for you  
I'm so bad for you

Drip fed tears  
Intravenous eyeball  
Leave me with your kindest bruise  
First in line and  
Aching for the night fall  
I'm basking in my old man blues

Makes me wonder why  
Makes me wonder why  
Makes me wonder why  
I'm so bad for you  
I'm so bad for you  
So bad for you  
I'm so bad for you

Makes me wonder why  
Makes me wonder why  
Makes me wonder why  
I'm so bad for you  
I'm so bad for you  
I'm so bad for you  
I'm so bad for you, you, you
