

# Simple

Jebediah

[Verse 1:]

I know, what I've found  
What I've found, I know  
It's nice, it feels cool  
It's how it should, simple

[Chorus:]

Lately I've felt so great  
You're the best drug I take  
My head has gone crazy  
What have you done to me

Now I know, I know, I learn to breath [x 4]  
I learn to breath

[Verse 2:]

I know, what I've got  
What I've got, won't let go - ha!  
And my thoughts, in my head  
I'm stupid and simple

[Chorus]

Now I know, I know, I learn to breath [x 4]  
I learn to breath  
Well I learn to [x 3]  
My girlfriend
