

# The Slip

Jebediah

Caught you dancing on my grave  
Should a been dead but that's okay  
I don't mind your idle doubt  
Chewing me up and spitting me out

Give em the slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give 'em the slip, oh

I'm not sure that I care how  
Better that I just tell you now  
Here it comes, my parting shot  
I'm not going down like that

Give em the slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh

Oh  
Give em the slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh

Give em the slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh  
The slip, the slip  
I give em the slip, oh
