

Driving Without License

Jebroer

I just took some diamonds
Escaping in the silence
Driving without license
God just give me guidance

I just took some diamonds
Escaping in the silence
Driving without license
God just give me guidance

I just wanna know
Why I'm feeling so alone
Oh I
Oh I

I don't know where to go
Can you come and take me home
Tonight
Tonight

I'm driving without license
I'm driving without license

I just took some diamonds
Escaping in the silence
Driving without license
God just give me guidance

I just took some diamonds
Escaping in the silence
Driving without license
God just give me guidance

I just wanna know
Why I'm feeling so alone
Oh I
Oh I

I don't know where to go
Can you come and take me home
Tonight
Tonight

I'm driving without license
I'm driving without license

I just wanna know
Why I'm feeling so alone
Oh I
Oh I

I don't know where to go
Can you come and take me home
Tonight
Tonight
