

No More

Jebroer

You got your front lines, you got your trenches
You're dropping bombs that will leave you fucking senseless
The place is fortified, the place is packed
A whole regiment ready to act

But I'm no soldier, I'm no warrior
I'm no rebel no more

Tonight I'm me
Fuck off, fuck off
Yeah, I'm just me
Fuck off, fuck off
I'm telling ya
I'm no soldier, I'm no warrior
I'm no rebel no more
Tonight I'm me

I'm no rebel no more
Tonight I'm me

You got your fighters, you got your coat
You're on a mission and you 'bout to explode
You love the fearless, you hate the weak
But I got something that will put you to sleep

'Cause I'm no soldier, I'm no warrior
I'm no rebel no more

Tonight I'm me
Fuck off, fuck off
Yeah, I'm just me
Fuck off, fuck off
I'm telling ya
I'm no soldier, I'm no warrior
I'm no rebel no more
Tonight I'm me
