

# Numb

Jebroer

Look me in my eyes, I'm a real one  
Real recognize real, I don't fear none  
No pain, no gain, I wanna feel something  
All this motherfucking medicine make me feel nothing

Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
I'm losing my mind in three, two, one, go

Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
I'm losing my mind in three, two, one, go

Look me in my eyes, I'm a real one  
Real recognize real, I don't fear none  
No pain, no gain, I wanna feel something  
All this fucking medicine make me feel numb

Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
Breathe in, breathe out, I can't feel my face  
I'm losing my mind in three, two, one, go
