

Symphony

Jebroer

I'll be a legend
Everyone will know
The name of the legend
Burning up in flames
I will be a legend

And legends never cry
One day the world's gonna be mine
But I know first I gotta die
They're gonna pray to me
Singing the symphonies
Symphonies 'bout me

And they're gonna sing for me
Friends and enemies
One day the world's gonna be mine
But I know first I gotta die
Legend

Everyone will know
The name of the legend
Burning up in flames
I will be a legend

And legends never cry
One day the world's gonna be mine
But I know first I gotta die

But I know first I gotta die

One day the world's gonna be mine
But I know first I gotta die

I'll be a legend
Everyone will know
The name of the legend
Burning up in flames
I will be a legend

And legends never cry
One day the world's gonna be mine
But I know first I gotta die
They're gonna pray to me
Singing the symphonies
Symphonies 'bout me

And they're gonna sing for me
Friends and enemies
One day the world's gonna be mine
