

# The Master

Jebroer

I am the master  
The master of you all

If I don't see your souls  
Up against the walls  
Heads are gonna roll  
I'm the master of you all  
Wringing out the sweat  
Dancing till the death  
Come and pay your debt  
I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head

I'm your worst nightmare  
I'm the master in your head  
Who tells you to just do it  
Don't tell me you're crazy, prove it

If I don't see your souls  
Up against the walls  
Heads are gonna roll  
I'm the master of you all  
Wringing out the sweat  
Dancing till the death  
Come and pay your debt  
I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head

I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
I'm the master, I'm the master, master of you all  
Come and pay your debt, I'm the master in your head
