

Special Memory

Jed Madela

You will always be a special part of me
You will always be a special memory
I'll always cherish wonderful moments
You have given me
You are in my heart wherever I may be

All the times we shared will always be to me
Songs my heart will sing refreshing melodies
I'll put together all of your laughter
Like a symphony
I'll remember you wherever I may be

I'll put together all of your laughter
Like a symphony
I'll remember you
I'll remember you
I'll remember you wherever I may be
...wherever I may be
