Dead or Alive

Jeff Bates

Its 4 a.m., I'm headed North straight up 65
I couldn't sleep a wink last night,
so I just had to drive
I know I'm gonna to see you
when I get to Louisville
Only problem is, I just don't know how you're gonna feel

That cold Kentucky rain is pourin' from my radio
While the voice inside my head is screamin'
I just gotta know
Could this be our resurrection,
Could it be a brand new start?
Or the nail in the coffin that holds our broken hearts?

Is it dead or alive?
Too for gone, or can it be revived?
Did I kill it, or does a little love survive?
Is it dead or alive?

Well I keep my eyes straight ahead,
Between these two white lines
While my mind is in the review mirror,
Lookin' back in time
I'm haunted by the memories of how I let us down
Can we patch it up,
Or should we put our love in the ground?

Is it dead or alive?
Too for gone, or can it be revived?
Did I kill it, or does a little love survive?
Is it dead or alive?

Theres one thing I never said,
I shoulda said to you
I hope its not too late to let you how much I do
I just pray you haven't laid your
love for me to rest
Another couple of miles of road,
And I wont have to guess, if its

Is it dead or alive?
Too for gone, or can it be revived?
Did I kill it, or does a little love survive?
Is it dead or alive?
