

Poor Boy

Jeff Beck

Are you ready?

Like a poor boy I'm a long way from home
Like a poor boy I'm a long way from home
What the others do, the world can't do me no harm
Like a poor boy I'm a long way from home

Well, I can't stay here long
No, I can't stay here long
What the others do, the world can't do me no harm
Like a poor boy I'm a long way from home

Well, my baby's dead and gone
Well, my baby's dead and gone
What the others do, the world can't do me no harm
Like a poor boy, I'm a long way from home

Said my baby's dead and gone
Said my baby's dead and gone
What the others do, the world can't do me no harm
Like a poor boy, I'm a long way from home
Yeah
Like a poor boy, I'm a long way from home
Like a poor boy, I'm a long
Like a poor boy, I'm a long way from home
