

Right Now

Jeff Beck

Sign up for fame and sign up for money
They don't wanna work, they think that's funny
Famously famous for nothing at all
Perfectly packaged, no distinguishing feature
You plastic, fantastic pretty little creature

They want it right now, right now
Don't know what they want but they want it right now
Don't know what it is but they want it right now
Yeah, they want it right now

I want it right now, right now
Don't know what I want but I want it right now
Don't know what it is but I want it right now
Yeah, I want it right now

You karaoke kids think that you have the right
To win the war without taking part in the fight
[?] monsters
So sorry a mansion came crashing to the floor
But with no foundation, was never gonna weather that storm

We want it right now, right now
Don't know what we want but we want it right now
Don't know what it is but we want it right now
Yeah, we want it right now

Oh, we need this song belief
Oh, we need this song belief
Oh, we need this song belief
Oh, we need this song belief
Oh, we need this song belief
Oh, we need this song belief
