

Changes

Jeff Bernat

If there was a picture perfect, it would be us
I could be across the world and I would still have your trust
Don't even got to question if I'm the one giving up
But you keep saying you've had enough

So tell me where to go 'cause I have nowhere to hide
I just want you by my side
But do I still have your heart? Do I still cross your mind?
Have we grown apart, should we even try?

I still keep your picture frame on the side of my bed
Acting like I'm good but I can no longer pretend
Keeping myself busy, tryna find something to do
But everytime I try, somehow it brings me back to you

So what do I do?
I don't know, I don't know, I don't know

See I used to call you probably 10 times a day
But now we on the phone but we got nothing to say
And every time I hear our song, it don't sound the same
I don't know if I could do another day

So tell me where to go 'cause I have nowhere to hide
I just want you by my side
But do I still have your heart?
Do I still cross your mind?
Have we grown apart, should we even try?

I still keep your picture frame on the side of my bed
Acting like I'm good but I can no longer pretend
Keeping myself busy, tryna find something to do
But every time I try, somehow it brings me back to you

I know things happen for a reason
But I'm tired of this pain I'm feeling
I don't know if I'm strong enough for these changes
'Cause baby I still keep your

I still keep your picture frame on the side of my bed (far side of my bed)
Acting like I'm good but I can no longer pretend (girl, you know I'll still take care for you)
Keeping myself busy, tryna find something to do (keeping myself busy)
But every time I try, (and every time) somehow it brings me back to you (see, every time it brings me to you)

I still keep your picture frame on the side of my bed
Acting like I'm good but I can no longer pretend
Keeping myself busy, tryna find something to do
But every time I try, somehow it brings me back to you
