

## Come Thru

Jeff Bernat

I know you're working late but how was your day  
How you feeling what's good  
I'm saying I can hardly wait  
Lady andele, make a stop in my hood  
We can sip on some wine clear  
Mind have a conversation  
I'll let you have my full attention  
I'm saying come through

I promise to be gentle  
Why don't you come thru  
Girl you've got something special

Now let me ease your thoughts  
Girl what do you want  
Anything we can do  
If you wanna step out for a walk  
Have some quality talks  
Grab a drink or a few  
We can sip on some wine  
Clear mind, have a conversation  
I'm saying come thru

I promise to be gentle  
Why don't you come through  
Girl, you've got something special, come through

I promise to be gentle  
Why don't you come thru  
Girl you've got something special
