

Daydream

Jeff Bernat

Lately I've been dreaming of the day
When we're both just standing face to face
While the sun is shining bright outside
And you wearing white

Listening to the birds sing
You wearing a diamond ring
Me and you surrounded by our families
We can do it anywhere
Girl you know that I don't care
Just give me your heart
Cause I picture you saying I do
Holding my hands as I look into your eyes
You in your dress
I'm feeling blessed
I have been waiting for you all of my life

Baby all of me is yours
I never felt this way before
You have been everything that I'm looking for
I swear you've been worth the wait
Girl I'll give you my last name
But until then I'll just have to imagine the day

We're listening to the birds sing
You wearing a diamond ring
Me and you surrounded by our families
We can do it anywhere
Girl you know that I don't care
Just give me your heart
I picture you saying I do
Holding my hands as I look into your eyes
You in your dress
I'm feeling blessed
I have been waiting for you all of my life

Cause I picture you saying I do
Holding my hands as I look into your eyes
You in your dress
I'm feeling blessed
I have been waiting for you all of my
My life
