

Make A Move

Jeff Bernat

Hey love, whatchu think?
If me and you get away for a week?
With your toes on the sand by the beach
When you're ready

So whatchu on for tonight?
Don't gotta trip if it's wrong or it's right
Fuck with me, I could spice up your life
If you let me

'Cause girl, you're lookin' good (Yeah)
And I just wanna show you some things
They don't treat you like they should (Nah)
So we could shake the spot whatchu think?
Oh yeah (So babygirl, I was thinking like)

I was thinkin' we could make a move
You just gotta tell me what to do
I was thinkin' we could make a move
Somewhere you want, you like, it's alright

Lil' mama what it do do?
You the shit, ain't talkin' doo doo
Baby, you the top, ramen noodle
Pay the rent from my doodles
Aye, promise I ain't nothin' like the usual
I'm different
But ain't adopted, I'm sportscenter top ten
Once you get a dose then you're locked in
Some people in this life but do not live
Yeah, it's me it's the P, how it's not lit?
Yeah yeah yeah

I was thinkin' we could make a move
You just gotta tell me what to do
I was thinkin' we could make a move
Somewhere you want, you like, it's alright
I was thinkin' we could make a move
You just gotta tell me what to do
I was thinkin' we could make a move
Somewhere you want, you like, it's alright
