

Queen

Jeff Bernat

Tell me what you like
Tell me what you think
Tell me if I'm trying too hard
You'd be lying
If you told me
You were with it from the start girl
I ain't even smoked yet
And I ain't even drinkin'
But I ain't even goin' too hard
To be honest
I'm completely sober
Trying to play my cards right

'Cause I
Can't stop starin' at you
Why you gotta look amazing?
Oo, just wanna win your heart
I just wanna win your heart (Baby)
Just wanna win your heart
I just wanna win your heart (baby)

You're leavin' messages and voicemails
Tellin' me you miss me
Now baby you ain't doin' too much
'Cause girl I'm likin'
Every picture that you're
Sending on the hush (shhh)
I need a queen
You need a king
Lady is that really too hard?
But I'd like to take a second
To play my cards right

'Cause I
Can't stop starin' at you
Why you gotta look amazing?
Oo, just wanna win your heart
I just wanna win your heart (Baby)
Just wanna win your heart
I just wanna win your heart (baby)
