

# Rest Assured

Jeff Bernat

Used to hold my secrets in when we first began  
Pouring out my heart just wasn't part of the plan  
But I know  
This love is for sure  
And now I can open up without feeling insecure  
Yeah

Never knew that we could become more than just friends  
I was out of luck but you still gave me a chance  
I won't go  
Cus with you I'm home  
When the flowers are blooming girl you just can't ignore

Suddenly I'm not afraid to show  
I'm taking the past and letting it go  
I'll make you believe  
Just know that I won't ever leave you rest assured

Cus I, I know that forever's not enough  
But I'll be your side when time's get rough  
My heart is all yours to keep  
I'm yours for the taking  
Cuz you're all I've been waiting for

Rest assured  
Used to get all nervous  
When I first held your hand  
Little did I know  
You'd turn me to a better man  
Mi Amor  
It's you I adore  
And all of this time  
I spent with you got me wanting more  
Yeah

Can't believe I used to walk around and pretend  
Til you came around and let me be who I am  
There's no way  
That I wouldn't stay  
And girl you should know that I still feel the same

Suddenly I'm not afraid to show  
I'm taking the past and letting it go  
I'll make you believe  
Just know that I won't ever leave you rest assured

Cus I, I know that forever's not enough  
But I'll be your side when time's get rough  
My heart is all yours to keep  
I'm yours for the taking  
Cuz you're all I've been waiting for  
Rest assured
