

## Situations

Jeff Bernat

By the way you're dressed tonight  
You know I'm looking  
I'm looking at your body  
And how your dress is gripping  
I could do this all day girl  
Your beauty is amazing  
I can't take it  
I'm pretty fascinated  
And intoxicated  
But you got me entertained  
And girl I see you looking too

So tell me is you down for another round  
You're telling me that you're kinda shy  
You don't gotta lie and I know  
There's probably other guys that are gonna try  
But I know that you're not with them

So what you sipping on  
Pineapple patron  
I could use another Hennessy  
Maybe 2 or 3  
I can tell that all these  
Other guys tryna be me  
Cause they know  
It's you I'm taking

By the way you're dancing girl  
You know I'm tempted  
Tempted to get behind you  
While my hands are gripping  
While I feel your body sway  
Now tell me what you say  
It's getting kinda late  
You know that we don't gotta stay  
And it may sound cliché  
But I can bring you to my place  
And girl I know you're tempted too

So tell me is you down for another round  
You're telling me that you're kinda shy  
You don't gotta lie and I know  
There's probably other guys that are gonna try  
But I know that you're not with them

I could use another Hennessy  
Maybe 2 or 3

Cause they know  
It's you I'm taking

Girl let's escape I can no longer wait  
I can tell by your vibe you agree  
Although it's late I'm wide awake

We both know that there's more left to see

So tell me is you down for another round  
You're telling me that you're kinda shy  
You don't gotta lie and I know  
There's probably other guys that are gonna try  
But I know that you're not with them
