

Summer Dresses

Jeff Bernat

You just got done checking the mirror
And I just got done checking the time
Cause I've been waiting since last December
To see you out here looking so fine

You got your nails did and you got your hair did
Girl I can see you from afar
You're looking perfect in my favorite outfit
I swear you're looking like a star

Pour another glass of Chardonnay
I'm already feeling some type of way
There's a reason why this part of year's my favorite time
Cause I can look at you like all day
You looking like it's your birthday
There ain't nothing like your dresses in the summertime

I can't help but notice the small things
Like how you're wearing your favorite shoes
I see you stunting in them Cartier earrings
And that flower bomb's the choice of perfume

And you got your nails did and you got your hair did
Girl I can see you from afar
You're looking perfect in my favorite outfit
I swear you're looking like a star

Pour another glass of Chardonnay
I'm already feeling some type of way
There's a reason why this part of year's my favorite time
Cause I can look at you like all day
You looking like it's your birthday
There ain't nothing like your dresses in the summertime

Have some drink and hit the town
Have some fun till the sun goes down
Is keeping it on even necessary?
So if you're ready then let's just

Pour another glass of Chardonnay
I'm already feeling some type of way
There's a reason why this part of year's my favorite time
Cause I can look at you like all day
You looking like it's your birthday
There ain't nothing like your dresses in the summertime

Pour another glass of Chardonnay
I'm already feeling some type of way
There's a reason why this part of year's my favorite time
Cause I can look at you like all day
You looking like it's your birthday
There ain't nothing like your dresses in the summertime
