

# This Time

Jeff Bernat

Honestly

It's kinda been a couple crazy years for me  
Letting go of things that were a part of me  
It just didn't seem fair, wasn't going anywhere so

I did all the things, I couldn't get away  
But thinking of love, it had me so afraid  
I needed time alone, I needed time to grow  
I needed time to find my way, so

This time I'm gon' give it everything  
And this time I know I'm gon' do it so damn better  
This time I promise that I'm gon' give her  
All that I can  
'Cause I know she'll be worth a diamond ring  
And I'll do what it takes to keep this thing together  
After all this time you turned me into  
A better man

I'm doing better now  
All for my emotions to come back around  
I feel like I can finally let my guard down  
I'm finally going somewhere  
Learning how to take things slow

I did all the things, I couldn't get away  
And I'm thinking of love, but girl I ain't afraid  
I had my time alone, I had my time to grow  
I had my time to find my way, so

This time I'm gon' give it everything (this time I'm gon' give  
her everything)  
And this time I know I'm gon' do it so damn better  
This time I promise that I'm gon' give her (whatever it is, I k  
now I'm gon' give her)  
All that I can  
'Cause I know she'll be worth a diamond ring (and I know she'll  
be worth a diamond ring)  
And I'll do what it takes to keep this thing together (keep it  
together)  
After all this time you turned me into  
A better man

I don't know who she gon' be  
But all I know is she gon' get the best of me
