

Chocolate

Jeff Buckley

Don't don't, don't, don't don't try to blow out the sun for me
baby I'm not hoping for what I know and can't be
All That I ask is for a smile each day
And I'll give you love that will never go away
Yes I will X2
Little babe I wouldn't ask you to lift up this great big world
Little baby X2
I know you're not that kind of girl
All that I ask is for a kiss or two
And nothing in this world would be too good for you
Coz nobody, nobody, nobody, nobody, nobody knows, nobody knows
How deep for you my love really goes
But girl I want you to know
I wouldn't ask you to hold back the door, babe the door
baby
That's just a little too much to ask of anyone
All that I ask
Is for your love, love, loving ways
And I'm gonna stand by you for the rest of your natural born days
days
Do you hear me talking to you
I'll keep you happy
I'll keep you happy for the rest of your days momma
Coz nobody nobody nobody nobody nobody knows
How deep my love for you really goes
(moves to Kangaroo music)
I first saw you
you had on blue jeans
Your eyes couldn't hide anything
I saw you breathing oh
I saw you staring out in space
I next saw you
You were at his party
Thought you was a queen

I oh came against
Didn't say excuse
Knew what I was doing
We looked very fine
As we were leaving
As we were leaving as we were making love,
As we were making love, we we making love, babe
