

Dramamine

Jeff Rosenstock

Dramamine, bring me down
When I bounce call around
I'm in need of a dream
Let me sleep, let me be, dramamine

Holy hell, it's no fun
Wide awake, rising sun
Brightness burns, nature screams
Let me sleep, let me be, dramamine

Warping through time and space
With a smile on my face
Loss of thought, pretty please
Let me sleep, let me be, dramamine
Let me sleep, let me be, dramamine
