

Testify

Jeff Scott Soto

Mama i got something new for you
I been thinking 'bout what you do to me
Well , it's so revealing , i wanna cover you with what i'm feel
in'
Like James i say "please please please"

I can hear your papa preaching , he don't like what i been teach
hin'
This is my fashion , this passion , is lastin' , all thru the y
ear

Cuz baby i testify , i don't need persuasion to
Understand the reason why
When it feel good , good , good
Mama i testify , tell me i ain't dreamin' , i gotta say,
Yea , yea baby i testify

Sugar so sweet all i wanna do is taste it
Make it so good you'll be dying for more

Shake it like it was your birthday , spin it round
Round , colour my soul
This is my religion , decision , my vision , gonna
Make it last , Lord have mercy

Cuz baby i testify , i don't need persuasion to
Understand the reason why
When it feel good , good , good
Mama i testify , tell me i ain't dreamin' , i gotta say,
Yea , yea baby i testify

Wanna be your child , wanna be your xtc
Cuz i'm so intoxicated wit'cha , i must testify
Turn it up!
