

# One Tiny Flower

Jeff Tweedy

The grass is growing  
All over town  
From the cracks in the sidewalks  
Where the shops shut down

One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over

A wheel rolling to a stop  
Blocking out the sun  
From where I lay  
I know I'm the only one

One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over

The grass is growing  
All over town  
From the cracks in the sidewalk  
Where all the shops shut down

One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over

One tiny flower  
One tiny flower  
One tiny flower (I'm jumping over)  
One tiny flower (I'm jumping over)

Skeleton  
Under my skin  
Blowing in  
A low gentle wind

One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over  
One tiny flower I'm jumping over
