

## Too Real

Jeff Tweedy

The way I depend  
On the dope dancing in  
My skin  
It's too real  
It's too real

It's sad to say  
Magic fades away  
But it's true  
It's just you  
It's too real

It's too real  
It's too real  
To feel

The way I pretend  
The walls aren't closing in  
They're real  
They're real  
It's too real
