

# Let Me Know

Jeffrey Osborne

You come when you want  
You take what you need and then you're off  
Gone with the wind  
I wonder when this will end

When will you stay with me  
For more than a day?  
Is there a chance  
Or am I asking for a little bit too much again?

Is there are a ray of hope?  
Is it impossible?  
Don't leave me hanging on when

All you have to do is let me know  
Let me know what's going on inside of your heart  
All you have to do is let me know  
Let me know if I should start changing my life, changing my life

Yes, I'm to blame  
'Cause I let you have it your way  
Is it too late?  
Down to the road to heartache

To tell you the truth  
Baby, it's left up to you  
What will it be  
Just say the word and I'll be yours for eternity

Is there a ray of hope?  
Give me a yes or no  
Don't leave me hanging on when

All you have to do is let me know  
Let me know what's going on inside of your heart  
All you have to do is let me know  
Let me know if I should start changing my life, changing my life

So many nights  
I sat alone up and I've cried  
I'm real but I did, so many tears

Waiting for you  
Not knowing what else to do  
But never again, ohh no

Maybe I'm asking for a little bit too much again  
I just need a ray of hope  
If it's impossible  
Don't leave me hanging on, when something's wrong then

Oh, all you have to do is let me know  
Let me know what's going on inside of your heart  
All you have to do is let me know  
Let me know if I should start changing my life

All you have to do is let me know

Let me know what's going on inside of your heart  
All you have to do is let me know, baby  
All you have to do is let me know
