

Only Human

Jeffrey Osborne

Sensitive thats what I am
Make no mistake about it
Cause little things
Certainly mean so much to me
Maybe I should tell you
That I have my faults
And there are no guarantees
Oh Babay can't you see

I'm only human
Don't ask me for too much too fast
I'm only human babe
I'll be so carefull not to ever hurt you

Emotional thats what I am Feelings run deep inside me
I trust my heart and usually It never lets me down
But every now and then, I guess, I lose my way
Like people often do
And that just goes to prove

I'm only human
Don't ask me for too much too fast
I'm only human
Hey babe
I'll be so very carefull not to ever hurt you baby

You know I love you Its easy to see
That I do
And I'll always be the best I can
But girl I'm just a man

So darling please be patient If we both beleive
We will make changes as we go
Oh, I just want you to know

I'm only human
Don't ask me for too much too fast
I'm only human uh ohh
I'll be so very carefull with you baby

I'm only human baby
Don't ask me for too much too fast

I'm only human oh baby
I'm just a man baby
And I'll be the very best I can Baby
