

Saving My Love

Jeffrey Osborne

Hey good morning, I'm just calling
Just to say how much I'm missing you, mmh
See when my day's not flowing, I just know it
I hear the sound of your voice, it gets me through

'Cause you bring me joy
Whenever I'm down
I wish you were [?]
Hey you (Hey you)
Forever you're the dream I dream of
That's why I'm saving my love
Oh, sweet baby for you

Saving my love, my love
I'm saving my love for you

Been thinking bout you and here without ya
That old sun up above, just won't shine no more
But it would be more [?], show off better
If I could just see the light in your eyes

'Cause you bring me joy
You light up my days
No matter what I'm
Going through (Going through)
Remember you're the dream I dream of
That's why I'm saving my love
Oh, for you

Saving my love, my love
I'm saving my love for you

(Baby) Baby (Baby) Baby (Baby) Oh-hoh baby
(Love ya) Love ya (Sure enough) Sure enough (Crazy) Crazy
Yes I do, yes I do yeah
(Saving) Saving (My love) For your baby, alright (Baby)
I'm sure as the sun and the moon and the star up above
[?]

Ah
(You bring me joy) You bring me joy
Whenever I'm down
I wish you were here, hey you (Hey you)
Forever you're the dream I dream of
That's why I'm saving my love
Hey, hey, hey
For you

(Saving my love, saving my love)
I'm saving my love for you baby
Said I'm saving my love for you, oh
Saving my love for you baby
