

## Every Day

Jekalyn Carr

I was wanderin' way from home  
Couldn't get back on my own  
But my God, You came and found me  
You did that, You did that just for me

I was wrestling with the dark, yeah, yeah  
Fighting blindly for my heart  
You stepped in, now I see clearly  
You did that, You came and made me see, yeah

I gotta sing out a new song  
Until my heart sings along  
I'm gonna lift up a true praise  
Cause you make me glad  
So I will rejoice every day

I tried to do life on my own  
It left me empty and alone  
I needed You to come and heal me  
You did that, You gave new life to me. Hey!

I gotta sing out a new song  
Until my heart sings along  
I'm gonna lift up a true praise  
Cause you make me glad  
So I will rejoice every day. Hey! Hey!

Oh, I give You praise  
Every day! (Every day!)  
Every day! (Every day!)  
Oh, I give You praise  
Every day! (Every day!)  
Every day! (Every day!)  
Every day! (Every day!)  
Every day! (Every day!) Ooo!

Cause you make me glad  
So I will rejoice

I gotta sing out a new song  
Until my heart sings along  
I'm gonna lift up a true praise  
Cause you make me glad  
So I will rejoice

Every day! (Every day!)  
Every day! (Every day!)  
Every day! (Every day!)  
Every day! (Every day!) Ooo!
