

Gonna Be Great

Jekalyn Carr

What is the world coming to now, some don't believe anymore
It seems that we cannot see our potential to be
Everything that statistics says we can be anymore

I refuse to let the world bring me down
I'll shout it out 'cause I want the world to know today... I'm gon...

I'm gonna be great and no one can stop me now
You've got destiny, I'm on my way, I'm headed for greatness
I want you to know that it's possible for you to do the same
Join along with me and let the world hear us proclaim

We're gonna be great
We're gonna be, gonna be, gonna be great
We're gonna be great
We're gonna be, gonna be, gonna be great

Let me remind you of the special person that you are
Against this odd, you can prepare the way for you to make history
That's why above the negative things you hear
You gotta be great, very great

I refuse to let the world bring me down
I'll shout it out 'cause I want the world to know today

I'm gonna be great and no one can stop me now
You've got destiny, I'm on my way, I'm headed for greatness
I want you to know that it's possible for you to do the same
Join along with me and let the world hear us proclaim

I'm gonna be great and no one can stop me now
You've got destiny, I'm on my way, I'm headed for greatness
I want you to know that it's possible for you to do the same
Join along with me and let the world hear us proclaim

We're gonna be (we're gonna be)
We're gonna be (we're gonna be)
We're gonna be (we're gonna be great)
(Yes, we're gonna be)
We're gonna be (we're gonna be)
We're gonna be (we're gonna be)
We're gonna be (we're gonna be great)
(Yes, we're gonna be)
We're gonna be (we're gonna be)
We're gonna be (we're gonna be)
We're gonna be (we're gonna be great)
(Yes, we're gonna be great)
