

Never Alone

Jekalyn Carr

I'm never alone (aah, aah)
Never on my own (aah, aah)
He'll never walk away (away)
He's with me every day
You are never alone (aah, aah)
Never on your own (aah, aah)
He said, "If I am before you
There's nothing the world can do"

Can't you see the angels
Ascending and descending
Leaving their habitation
Coming to your rescue
Can't you see the angels
Standing up here with you
Creating a shield for you
So the enemy can not touch you

You are never alone (aah, aah)
Never on your own (aah, aah)
He said, "If I am before you (before you)
There's nothing the world can do"
We are never alone
We're never on our own
And when the enemy rises
He's promised, He'll lift the standard

Can't you see the angels
Ascending and descending
Leaving their habitation
Coming to your rescue
Can't you see the angels
Standing up here with you
Creating a shield for you
So the enemy can not touch you

Can't you see the angels
Ascending and descending
Leaving their habitation
Coming to your rescue
Can't you see the angels
Standing up here with you
Creating a shield for you
So the enemy can not touch you

Can't you see the... (angels)
Can't you see the... (angels)
Can't you see the... (angels)
They're coming on to your... (angels)
Do you see the angels (angels)
Oh, can't you see the... (angels)
Can't you see the... (angels)
I wanna know, do you?... (angels)
For this one, you ain't gotta work hard... (angels)
For this one, you ain't gotta work hard.... (angels)
'Cause the angels are working for you tonight (angels)
Step back and let them work (angels)

Step back and let them work (angels)
Ooh, can't you see the angels (angels)
Ooh, can't you see the... (angels)

Can't you see the angels
Ascending and descending
Leaving their habitation
Coming to your rescue
Can't you see the angels
Standing up with you
Creating a shield for you
So the enemy can not touch you

You are never alone!
