

New Day

Jekalyn Carr

Yeah

1, 2, 3

I woke up

That's enough

Look in the mirror, brush off the dust

Talk to me nice

Don't interrupt

Don't need to settle, I'm on another level, yeah

I'm done with feeling low

Don't take it personal

This life's a miracle (Yeah)

So I look up with my chin up

No need to settle, I'm on another level, yeah (Yeah)

'Cause when it's smooth or it's rough

I know You fill up my cup

You give me more than enough

Aye-ya-ya-ya-yeah

So now I'm turning the page

Don't see no other way

Ain't nothing else I could say

Wake up, it's a new day

Wake up, it's a new way

Sun shining on your face

Wake up, it's a new day

I'm done with feeling low

Don't take it personal

This life's a miracle

Wake up, it's a new day

Wake up, it's a new day

Don't need to worry about tomorrow

He's got a plan and it is good

I may not know the how

But I know the who

Talk to the Lord above, every day

Blessings on blessings come my way

It's in my DNA, it's a part of me, yeah

Ain't nothing else I can say

Wake up, it's a new day

Wake up, it's a new way

Sun shining on your face

Wake up, it's a new day

I know you're feeling low

Don't take it personal

This life's a miracle

Wake up, it's a new day

Wake up, it's a new day

Don't need to worry about tomorrow

'Cause only love is on my brain

And when I find myself in trouble

I just call upon His name

Talk to the Lord above, every day
Blessings on blessings come my way
It's in my DNA, yeah, a part of me, yeah
Ain't nothing else I can say

Wake up, it's a new day
Wake up, it's a new way
Sun shining on your face
Wake up, it's a new day
I know you're feeling low
Don't take it personal
This life's a miracle
Wake up, it's a new day
Wake up, it's a new day
