

Attention!

JELEEL!

JELEEL!, yeah

Remember when we was broke?
Kept telling my nigga we straight
Them days was cold, everyday we prayed
If you can't see my soul, then you can't see my face
Remember all them days we had no dinner?
All we had was faith

I'm fasta, stamina
Pull up in a cheetah, stamina
Fasta, fasta, can't stop me now
Fasta, fasta, stamina
On my knees I believe ya
Allah, please, I'm beneath ya
Fight like lee, I'ma beat ya
Fall like leaves, I'll defeat ya

Attention, c'mon now, attention
Attention, c'mon now, attention, yeah
Attention (Yeah) c'mon now, attention, yeah

The wine is divine, got my attention
Mi slide with the vibe cause attention
