

Bubbletea!

JELEEL!

JELEEL!, yeah
CONNIE, are you fucking kidding me?

She wanna drink that thing and make it feel like bubble tea
And I wanna move that, I can't see shit, double D
Can you bounce them things on me, oh yeah, it's a double team
Can you bounce that thing on me, oh yeah, like a bumble bee
She wanna drink that thing and make it feel like bubble tea
And I wanna move that, I can't see shit, double D
Can you bounce them things on me, oh yeah, it's a double team
Can you bounce that thing on me, oh yeah, like a bumble bee

I'm with CONNIE and with versus and these bitches thirsty
Thirsten, thirsten, she gon' get to slurping
You so nutty when you work it
Let me see you twerk it, twerk it, work it
In your city like a circuit
He got the smoke with me, with all the snakes and games
If he talks and talk, then chop em' like a filet
Close your legs, I only want the brain
Early mornin' ready for the day
Then she come, she want that ooh-yeah, possible like boo, yeah
Ridin' round with a cool girl, blow me like a tuba
And I like the way you move, yeah, you could be my new one
Yeah you kinda cute, yeah, but I need that new fun

She wanna drink that thing and make it feel like bubble tea
And I wanna move that, I can't see shit, double D
Can you bounce them things on me, oh yeah, it's a double team
Can you bounce that thing on me, oh yeah, like a bumble bee
She wanna drink that thing and make it feel like bubble tea
And I wanna move that, I can't see shit, double D
Can you bounce them things on me, oh yeah, it's a double team
Can you bounce that thing on me, oh yeah, like a bumble bee
