

JELEEL!, nah

See the hate in the eyes
They gon' feel all this pain when I cry
Let me live my life
I don't blame them still
They gon' hate 'til they die
Ma pa mi now omode
Ma lo wa mi now, okay
Why these niggas's so, so fake?
All these sins gone wash away

Just let me know, just let me know if you dey for mi
'Cause everyday, and every night, I go dey for you
Just let me know, just let me know if you dey for mi
'Cause everyday, and every night, I go dey for you

They creepin', these demons
They feenin', thought I was dead
Keep breathin', God had another plan
Ain't leavin', la ilaha illallah
Muhammadu rasulullah
Guide me in this world, ooh, protect me from their voodoo

They don't care about you, for real
Wanna take my soul, nigga no deal
Sometimes I just wanna crash out
Lemme know if you gone have my back now

Just let me know, just let me know if you dey for mi
'Cause everyday, and every night, I go dey for you
Just let me know, just let me know if you dey for mi
'Cause everyday, and every night, I go dey for you
Just let me know, just let me know if you dey for mi
'Cause everyday, and every night, I go dey for you, yes
