

STONE COLD!

JELEEL!

JELEEL!, yeah

Do you even lift enough? No sir
Are you even fit enough? Oh, no sir
Stone cold, rip 'em up, might flip 'em off
Name another radder than me, no sir
Do you even lift enough? No sir
Are you even fit enough? Oh, no sir
Stone cold, rip 'em up, might flip 'em off
Name another radder than me, no sir

Oh, I just pulled up in the hummer
Watch out when I hit that stunner
Black and green, that's my color
And I got a lot of freaks for the summer
My way, not yours
I'm straight hardcore
My way, not yours
I say I'm sure
Yeah, oh, you thought this was a picnic? Wake up

Do you even lift enough? No sir
Are you even fit enough? Oh, no sir
Stone cold, rip 'em up, might flip 'em off
Name another radder than me, no sir
Do you even lift enough? No sir
Are you even fit enough? Oh, no sir
Stone cold, rip 'em up, might flip 'em off
Name another radder than me, no sir
