**JELEEL!**

JELEEL!, yeah

Let me go, it's dismissal, tiptoe  
She just wanna ride me like a riddle  
No gas, ain't Citgo, shit broke  
Yeah, I'm gonna sprint to her fucking home  
Lemme know, blow the whistle, simple  
Open when the rocks hit ya' window  
So fast like a missile, superhero  
She want my remedy, I'm her antidote

Uh, yeah, superhero  
JELEEL! ain't got no fear though  
Uh, where, who is there though?  
JELEEL! finna reappear, go  
I ain't fucking scared of opps  
Everyday a nigga drop  
You ain't stopping, knocking me, nah  
And that girl, she want my cock  
And she's taking me to shop  
Come fly with me, fly with me, yah

Let me go, it's dismissal, tiptoe  
She just wanna ride me like a riddle  
No gas, ain't Citgo, shit broke  
Yeah, I'm gonna sprint to her fucking home  
Lemme know, blow the whistle, simple  
Open when the rocks hit ya' window  
So fast like a missile, superhero  
She want my remedy, I'm her antidote

Yeah, what you think? She going down the sink  
She on this knee, that knee, ring her bell like Tink'  
I charge up no sync, so every time we link  
She like, "Please me then", she turn around, then wink  
You don't want no war, no, you don't want to start, nah  
Got range like Land Rover and it's push to start  
And I am so cold, ooh and y'all so old, yah  
Put you in a toaster, pop you like a tart

Let me go, it's dismissal, tiptoe  
She just wanna ride me like a riddle  
No gas, ain't Citgo, shit broke  
Yeah, I'm gonna sprint to her fucking home  
Lemme know, blow the whistle, simple  
Open when the rocks hit ya' window  
So fast like a missile, superhero  
She want my remedy, I'm her antidote
