When it's time to smash out  
Drinkin' till we pass out  
Me and my bitch'll find a bitch and beat the bitch back out  
Send me to Hell, Hey I came back  
Man, every good-ass is actin like I ain't fat

And if you wanna see me, then we can arrange that!

It's a lot of jealousy but life goes on  
Made it from the bottom, why'd it take so long?  
People hatin' on me, it's the same ole song  
And the hate goes on  
And the hate goes on  
Gotta lay in the bed if you made yo own  
How I'm on fire and I can't go wrong?  
People hatin' on me, thats the same ole song  
And the hate goes on  
And the hate goes on

Smokin' weed, sippin' syrup, lately I've been gettin', slurred  
Smokin' weed, sippin' syrup, lately I've been gettin', swerve

I've been drankin', I've been smokin'  
Rollin' through the city with my eyes half open  
Eyes are rollin', I can't hold it  
I'm fucked up and  
Everybody knows it  
You can keep yo drama, I don't need that sucka  
See I came from the rubber, you can see my hustle  
You don't know my pain, you ain't see my struggle  
So my middle fingers up like I'm a Diaz brother!  
Talk shit till we pull up  
In a full truck  
Of fools holdin' tools, all ready to shoot up  
Anyone who abused us  
Bullied and used us  
This is the revenge of the misfits and losers  
Hold up, the fat man is on y'all  
The Joker's back and Batman is gone dawg  
It's all wrong, so really fuck all y'all  
And that's why you on my missed call log

It's a lot of jealousy but life goes on
