

# Let's Get Lost

Jelly Roll

Let's get lost  
Let's get lost  
Ohhh

Come on you wanna ride  
I show you the other side  
I've been lost on these bad roads  
Here a couple times  
Life's a roller coaster up and down  
Smilin cause I hide behind the tears of a clown  
Put a shot of crown  
For the critics that don't get it  
They don't understand the way we livin  
They ain't never lived it  
I'm po white trash  
Never been high class  
I ain't really outgoing  
Don't possess much pizazz

Got a felony or two  
Hell maybe a few  
That ain't shit to do with who I am now  
My mama man she so damn proud  
Can't hear these critics over the crowd  
It's so damn loud

I've been floating off this third rock from the sun  
I've been wishing on these stars like I'm not one  
There's so much space  
I might get lost  
I want the riches  
I don't wanna pay the cost  
Let's get lost  
Let's get lost  
Ohhh

See I've been dream chasin  
It seems lately I've been gettin closer  
I try to leave my past behind  
But I ain't get no closure  
I'm glad I made it without makin the news  
See y'all soon I'm finally on my way to the moon  
I think I'm fin to make it  
I'm out here on another galaxy  
I'm just tryin to make it from these demons chasin after me  
It ain't real - I got friends addicted to pain pills  
You can't feel - cause if you ain't struggle to pay bills  
Real shit yea they feelin it now  
In the end - really I'm just tryin to figure it out  
But don't confuse this  
Cause I don't know what I been doing  
I make great music  
But I'mma mediocre human

I've been floating off this third rock from the sun  
I've been wishing on these stars like I'm not one  
There's so much space

I might get lost  
I want the riches  
I don't wanna pay the cost  
Let's get lost  
Ohhh  
Let's get lost  
Ohhh

I'm tryin to make it in this game  
But I hate the politics  
When it comes to pain  
My name's synonymous  
Everybody sees it coming  
But can't acknowledge it  
Like a pride pill  
But they just can't swallow it  
I don't understand gave everything that I got  
I went against the grain  
Came in and gave it a shot...  
Now, in a position to talk to kids and they listen  
I do this for the ones that overcame an addiction

I've been floating off this third rock from the sun  
I've been wishing on these stars like I'm not one  
There's so much space  
I might get lost  
I want the riches  
I don't wanna pay the cost  
Let's get lost  
Ohhh  
Let's get lost  
Ohhh
